**DETAILED ACTION**

1. Applicant's declaration and petition for color drawings, filed 10/27/07, IDS, filed 2/12/07, and amendment and remarks, filed 10/12/07, are acknowledged.
2. New Claims 14-18 are under examination.
3. The new declaration has been entered and the objection to the previous declaration has been withdrawn
4. Applicant's color photographs have been entered.
5. In view of Applicant's amendment all previous rejections have been withdrawn. In particular the invention as is currently claimed comprises only a column device comprising a solid support, multiple compartments, and ports. The device no longer comprises an aAPC or MHC antigen:functional molecule complex but only the capability of binding same.
6. The following are new grounds for rejection necessitated by Applicant's amendment.
7. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless --  
(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.
8. Claims 14-18 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by U.S. Patent No. 3,763,879.

The '879 patent teaches a column device comprising a solid support, multiple compartments, and ports (see particularly Figure 3 and column 3, lines 40-60). Said device would be capable of binding an aAPC or MHC antigen:functional molecule complex.

The reference clearly anticipates the claimed invention.

9. No claim is allowed.

10. Applicant is advised that should the claims be amended to recite the invention previously under examination said amendment will be considered to comprise a new issue After Final rejection.

11. Applicant's amendment or action necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 C.F.R. 1.136(a).

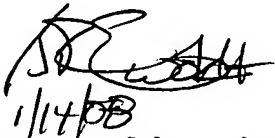

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 C.F.R. 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.

12. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Dr. Gerald Ewoldt whose telephone number is (571) 272-0843. The examiner can normally be reached Monday through Thursday from 7:30 am to 5:30 pm. A message may be left on the examiner's voice mail service.
